Teaching period:	First-Second semester		
Area:	Personal Development of the Physiotherapist		
Module:	Sciences of Humankind		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	150		

## SUBJECT DESCRIPTION

A través del recorrido por algunos de los principales hitos históricos de la civilización occidental se ofrece al alumno una panorámica de las corrientes filosóficas, políticas, artísticas y literarias que han configurado las ideas y pensamientos de Occidente. La asignatura se ocupa de las cuatro etapas fundamentales en las que suele dividirse la historia, a saber: Edad Antigua, Medieval, Moderna y Contemporánea. El acercamiento a tales etapas y sus ideas y personajes más importantes se hace a través de una selección de temas y textos relacionados directamente con cada una de las edades.

## LEARNING RESULTS

To forge and maintain an attitude of intellectual curiosity and a quest for the truth in all areas of life.

To appreciate the ties between today's world and historical events and to acknowledge the need to define the historical framework of any event in order to understand it.

Ability to assess and evaluate mankind's different responses to great questions throughout history.

To have knowledge and understanding of Western culture's most important literary creations, both past and present.
