## SUBJECT DESCRIPTION

Al mismo tiempo, se esclarece hasta qué punto la respuesta que uno da a dicha pregunta condiciona seriamente nuestro modo de comportamiento y la relación que establecemos con nosotros mismos y con los demás, tanto en el orden moral como en el legal.

## SKILLS

### Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

### General Skills

### Specific skills

To identify the anthropological foundations of ethical and religious responses to crime throughout history.

To be familiar with various cultural and religious contexts in order to understand and value the criminal setting.
