SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To be familiar with and apply analytical techniques and procedures for research in problem-solving, decision-making and issue of reports concerning issues submitted for consideration in the field of criminology.

To research, manage sources and handle information.

Specific skills

To analyse the transformations and development of modern societies and their political and social movements.

To analyse and select data to provide a judge with scientific knowledge of the crime charged, providing medicolegal and criminalistic explanations.

To be able to identify the methodological and scientific foundations of criminology. To use the most suitable techniques for each specific investigation.

To be familiar with and analyse the phenomenon of common, street crime; contemporary delinquency and new forms of criminal activity (domestic and gender-related violence, organised crime, cybercrime, terrorism, etc.), white collar crime, corporate crime, etc. Likewise, to be familiar with the various national and international

responses to these criminal phenomena.
