Teaching period:	Eighth semester		
Area:	People management		
Module:	General and strategic business administration		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	150		

SUBJECT DESCRIPTION

La asignatura Deontología profesional formará al alumno en las respuestas a los principales problemas deontológicos y éticos a los que se enfrentan las organizaciones en un mundo globalizado y tratará de entender los mecanismos de la actuación personal y profesional del hombre frente a sí mismo y los demás en el ámbito de las decisiones éticas, normativas y sociales en la práctica profesional en el entorno del ejercicio de LA ACCION EMPRESARIAL. El proceso educativo de la asignatura enfrentará al alumno a la reflexión del sentido de su vida y de su propia misión personal en su profesión desde un gobierno ESG. El contenido de la acción formativa será EMINENTEMENTE PRACTICO, convirtiendo las enseñanzas adquiridas en herramientas, esquemas, maneras y formas de vivir, de actuar y de tomar decisiones en la práctica diaria de su vida profesional

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To have developed a capacity for leadership.

To have developed the necessary skills to ensure problems are solved and goals are reached.

To develop oral and written communication skills in a native and foreign language.

To possess a strong work ethic.

To have a teamwork mentality.

To be able to learn autonomously and independently.

Specific skills

To adopt attitudes of leadership and social responsibility on both a personal and professional level.

To have developed team leadership skills, directing group activities to meet objectives, whilst motivating team members within a framework based on equality and justice.

To possess the required sensitivity and grace to act in accordance with the basic principles of ethics and social responsibility in the professional and personal spheres of life, knowing how to resolve and address any conflicts of interest that may arise between them.

To nurture an attitude of intellectual curiosity and a quest for the truth in all areas of life.

To appreciate the process of personal development, setting goals to be attained by means of an action plan.
