Language:	Spanish		
Total number of student study hours:	75		

SUBJECT DESCRIPTION

El sistema financiero es fundamental en toda economía de mercado y los bancos, que es la parte del sistema financiero sobre la que va a versar básicamente esta asignatura, son una pieza esencial del mismo. Estudiaremos cómo funcionan, que funciones cumplen, como se han transformado y como se ve el futuro a medio plazo del sector financiero. A la vez que hacemos un análisis de la actualidad, familiarizándonos con el vocabulario específico utilizado en el mundo financiero cada vez más global.

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To have developed the necessary skills to ensure problems are solved and goals are reached.

To be able to work and make decisions in all manner of situations.

To develop oral and written communication skills in a native and foreign language.

To possess a strong work ethic.

Specific skills

To be able to proficiently use the necessary tools to find an optimum financial balance between equity and long-term debt.

To be familiar with the operating mechanisms of the various money and capital markets, especially regarding the stability, profitability and risk involved in each one.

To be familiar with the basic aspects of banking, including financial statements and risk management.

To be able to prepare and understand financial statements as a tool for subsequent decision-making, whilst having the ability to verify their veracity.

To identify and understand the technical vocabulary related to various disciplines.

To nurture an attitude of intellectual curiosity and a quest for the truth in all areas of life.

DISTRIBUTION OF WORK TIME

CLASSROOM-BASED ACTIVITY	INDEPENDENT STUDY/OUT-OF-CLASSROOM ACTIVITY
30 hours	45 hours
