## SUBJECT DESCRIPTION

El Derecho de la Seguridad Social forma parte del Derecho del Trabajo y cobra cada vez mayor importancia, constituyendo una de las materias que más trascendencia recibe a nivel político, internacional, constitucional y social. El conocimiento de esta materia reforzará y ampliará los contenidos del Derecho Laboral, permitiendo un mejor análisis de la problemática social que se suscita a la Seguridad Social y el futuro de esta institución.

## SKILLS

### Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

### **General Skills**

To be familiar with the substantive content of legal disciplines and all supplementary fields.

To apply theoretical knowledge in the solving of problems.

To research, manage sources and handle information.

To acquire an ability for analysis, synthesis, assessment and critical reasoning.

To communicate orally and in writing within different contexts, using technical language when the situation calls for it.

### **Specific skills**

To be familiar with legal concepts, institutions and relations and their foundations.

To create and develop criteria for problem-solving and decision-making.

To handle (legal, jurisprudential and doctrinal) law sources applicable to the matter of study.

To be able to approach a subject by means of rigorous, profound and comprehensive thought, with capacity for analysis and synthesis.

To read and interpret legal texts.

To draft legal texts and other documents of interest to the university community in a clear, precise manner using legal terminology correctly.
