Aspectos como las cookies, el proceso de contratación online o los límites al tratamiento de nuestros datos de carácter personal serán materias habituales en esta asignatura.

De una manera práctica y con ejemplos reales de nuestro día a día nos iremos adentrando en los derechos y obligaciones existentes en esta materia. Para ello, revisaremos el proceso de contratación online de páginas

webs, identificaremos cual es el contenido mínimo de su Aviso Legal, Política de Privacidad y Cookies; aprenderemos cuales son las condiciones y límites para poder enviar comunicaciones comerciales a nuestros clientes; Blogs, Redes Sociales y sus implicaciones en materia de privacidad.

## **SKILLS**

### **Basic Skills**

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

### **General Skills**

To be familiar with the substantive content of legal disciplines and all supplementary fields.

To apply theoretical knowledge in the solving of problems.

To acquire an ability for analysis, synthesis, assessment and critical reasoning.

### **Specific skills**

To create and develop criteria for problem-solving and decision-making.

To develop an ability for negotiation and reconciliation in resolving conflicts.

To be able to approach a subject by means of rigorous, profound and comprehensive thought, with capacity for analysis and synthesis.

To work in teams, actively contributing to group tasks and objectives.
