SUBJECT DESCRIPTION

La asignatura "Prevención de la Criminalidad" contribuye a la formación científica del estudiante aportando conocimientos teóricos y empíricamente contrastados sobre la prevención y tratamiento de los delincuentes así como sobre los programas, procesos y pautas de actuación que se han mostrado eficaces, con el objetivo de conocer en profundidad y poder colaborar en la elaboración y mejora de planes y medidas de prevención e intervención. De forma esquemática comprende:

- Adquisición de conocimientos básicos sobre la prevención de la delincuencia desde las vertientes jurídico penal, política criminal y criminológica
- Dominio de conocimientos específicos avanzados sobre la prevención del delito y los modelos de prevención de la criminalidad
- Adquisición de conocimiento experto sobre programas de prevención basados en la prevención situacional y prevención comunitaria.

-Asimilación y análisis de los diferentes modelos de tratamiento de la delincuencia
-Adquisición de conocimientos específicos avanzados en el área de la prevención especial positiva.

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To research, manage sources and handle information.

To acquire an ability for analysis, synthesis, assessment and critical reasoning.

To learn independently.

To develop the areas needed to promote teamwork, adapting to new situations, being tolerant, and developing ethical behaviour and social commitment.

Specific skills

To be familiar with legal concepts, institutions and relations and their foundations.

To provide creative and imaginative solutions, thanks to the approach or sources used, to legal, personal and professional problems.

To show critical awareness in analysing the legal system and to be able to identify the adequacy of a law or regulation when it comes to the ideals of justice.

To be able to approach a subject by means of rigorous, profound and comprehensive thought, with capacity for analysis and synthesis.

To reflect on one's learning with self-criticism, identifying areas for improvement based on criteria of quality and excellence.

To work in teams, actively contributing to group tasks and objectives.

To show sensitivity to fundamental human rights.
