SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying

knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To be familiar with the syllabus areas for primary education, the interdisciplinary relationship between them, assessment criteria and the body of didactic knowledge applicable to teaching and learning procedures.

To reflect on classroom practices to innovate and improve teaching activity. To acquire habits and skills for independent, cooperative learning and to foster and promote this learning process among students.

To be familiar with and apply information and communication technologies in the classroom. To selectively discern audio-visual information contributing to learning, civic training and cultural richness.

To develop an ability for interpersonal and intercultural communication.

Specific skills

To understand the principles that contribute to cultural, personal and social education in the field of the arts.

To be familiar with the school syllabus for artistic education concerning its craftwork, audio-visual and musical elements.

To manage new technology applications used in education.
