Type:	Compulsory	ECTS credits:	3
Year:	2	Code:	7717
Teaching period:	Third semester		
Area:	Social Bases of Behaviour		
Module:	Specific training		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	75		

SUBJECT DESCRIPTION

--

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To be familiar with the fundamental principles of social and community psychology: individual social development, psychosocial principles of the development of human groups and psychology in social services.

To be familiar with psychological diagnosis, treatment and assessment methods in various fields applied to psychology.

To be familiar with the different fields of application of psychology and have the skills to influence and promote the quality of life and social commitment of individuals, groups, communities and organisations in the different educational, clinical and health, work and organisational, and social and community contexts.

To be familiar with the characteristics defining an efficient psychology professional: up-to-date professional knowledge (knowing how to select and manage information in both Spanish and other languages, especially English), critical thinking, ethics, personal integrity and social commitment to universal and democratic values.

To be familiar with the fundamentals of the social dimension of human beings.

Cross Skills

An ability to search for and select information critically and effectively.

Capacity for self-awareness and emotional management.

Ethical commitment and social improvement.

Specific skills

To be familiar with the social dimension of humankind: socialisation process and family, school, socio-cultural and historical influences.

To be familiar with the foundations of social psychology: history, models, authors and current state of the matter.

To be able to describe and measure interaction processes, group dynamics and group and intergroup structures.
To identify the problems and needs arising.

To be able to set goals for psychological practice in different contexts, proposing and negotiating objectives with patients and parties affected.

DISTRIBUTION OF WORK TIME

CLASSROOM-BASED ACTIVITY	INDEPENDENT STUDY/OUT-OF-CLASSROOM ACTIVITY
30 hours	45 hours
