SUBJECT DESCRIPTION

Technical English for Psychology is a compulsory subject that carries 6 ECTS credits. The subject requires 150 hours of student dedication and is taught in the third term in the second academic year of studies of the Psychology degree. The Technical English for Psychology subject is embodied within the area of Modern Language and forms part of the Basic Education Module.

The Technical English for Psychology subject forms part of a well-rounded, integral education focused on the learner in all of his or her harmoniously integrated dimensions (intelligence, will, emotional nature, sociability, abilities, skills...).

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To be familiar with the characteristics defining an efficient psychology professional: up-to-date professional knowledge (knowing how to select and manage information in both Spanish and other languages, especially English), critical thinking, ethics, personal integrity and social commitment to universal and democratic values.

Cross Skills

To be able to correctly express oneself orally in Spanish and in another language, preferably English.

To be able to correctly express oneself in writing in Spanish and in another language, preferably English.

To be able to use technical means such as computer programmes and audio-visual systems, among others.

Specific skills

To have a correct command of Spanish and English.

To use the English Language to further one's professional development in a global context.

To develop effective oral and written communication skills.
