Faculty/School:	Education and Psychology		
Course:	WORK PLACEMENTS		
Type:	Curricular Internships	ECTS credits:	12
Year:	4	Code:	7746
Teaching period:	Eighth semester		
Area:	Work placement		
Module:	Work Placement		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	300		

SUBJECT DESCRIPTION

--

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To systematise and know how to put into practice the skills and theoretical knowledge gained.

Cross Skills

An ability to search for and select information critically and effectively.

To develop individual social skills.

Capacity for self-awareness and emotional management.

An ability to develop one's abilities, skills and knowledge according to professional standards and to keep them up-to-date.

Ethical commitment and social improvement.

An ability to adapt to new situations.

An ability to think creatively and come up with new ideas and concepts.

To show a commitment to quality in one's actions and to be able to develop systems to ensure the quality of the services one provides.

To nurture an attitude of intellectual curiosity and a quest for the truth in all areas of life.

To forge attitudes of respect, tolerance and dialogue with regard to other cultures and religions in the search for the truth.

To identify technical vocabulary related to various disciplines.

An ability to solve problems.

An ability to take on responsibility and make decisions.

An ability to organise and plan well.

To be able to use technical means such as computer programmes and audio-visual systems, among others.

Capacity for disciplinary and interdisciplinary teamwork.

Specific skills

To join a work team in psychology in a suitable way.

To demonstrate knowledge and participate in activities that can be organised in schools.

DISTRIBUTION OF WORK TIME
