Module:	In-depth Exploration		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	75		

SUBJECT DESCRIPTION

--

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To be familiar with psychological diagnosis, treatment and assessment methods in various fields applied to psychology.

Cross Skills

An ability to search for and select information critically and effectively.

An ability to develop one's abilities, skills and knowledge according to professional standards and to keep them up-to-date.

An ability to think creatively and come up with new ideas and concepts.

To be able to approach a subject by means of rigorous, profound and comprehensive thought.

An ability to solve problems.

An ability to organise and plan well.

To be able to correctly express oneself in writing in Spanish and in another language, preferably English.

Specific skills

To be able to select and use appropriate psychological intervention techniques to reach individual, group-based and organisational objectives.

To be able to prepare oral and written reports and to provide feedback for recipients appropriately and accurately.
