Area:	End-of-degree project		
Module:	End-of-Degree Project and Work Placement		
Teaching type:	Classroom-based		
Language:	Spanish		
Total number of student study hours:	150		

SUBJECT DESCRIPTION

En la elaboración y defensa de su Trabajo Fin de Grado (TFG), el alumno integra los conocimientos y habilidades adquiridos a lo largo de sus estudios dentro de nuestro proyecto educativo, desarrollando su autonomía y capacidad de gestión del tiempo y los recursos documentales y técnicos puestos a su disposición, lo que le aportará disciplina, visión de conjunto y conocimiento global de la profesión. Dentro de la asignatura, el alumno cursará el Programa Protagoniza tu futuro. Este programa busca orientar y acompañar a los alumnos en esta etapa más próxima al inicio de su carrera profesional, aportándoles una visión general de la realidad del mercado, promoviendo el desarrollo de competencias transversales fundamentales y acompañándolos en la reflexión y la toma de decisiones sobre su futura carrera profesional. Para ello realizará talleres prácticos y guiados y mentorías individuales. Todas las actividades y tareas derivadas de estas tienen carácter obligatorio pues contribuyen a la consecución de los resultados de aprendizaje de la asignatura.

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To discover, evaluate and compare the various answers regarding existential questions concerning the individual and the community with one's own perspective.

To learn how to acquire knowledge: to understand the dynamics of personal development through skills in communication, research, critical and creative thought, consideration and execution of action plans, and teamwork.

Specific skills

To develop a theoretical and practical project expanding on certain areas of journalism.
