## SUBJECT DESCRIPTION

--

## SKILLS

### Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks
---

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

### **General Skills**

To acquire critical, analytical, synthetic, reflective, theoretical and practical thought to be able to understand and express the reality of the world and man and to convey it through the media, expressing oneself orally, in writing and in audio-visual or multimedia format.

To understand the key aspects of informative events in today's society, to convey them to the public using any media platform.

To acquire the ability to consider and creatively respond to the essential questions as to the possible causes and consequences of human, social, political and economic events.

To acquire the ability to discuss conflicting ideas, thereby generating meeting forums for individuals or social groups from different walks of life.

To be able to generate public opinion and build bridges with the various social sectors, allowing for the formation and dissemination of a message and culture for the benefit of mankind, conveying values based on the search for truth and common good.

### **Specific skills**

To acquire knowledge of the legislation on information in Spain and the world at large to practice the profession within the applicable legal framework, respecting the rights of citizens and information stakeholders.
