SUBJECT DESCRIPTION

Conjunto de reglas de conducta profesional, en el ejercicio de la Criminología en cualquiera de sus modalidades. El ejercicio profesional de la Criminología implica una toma constante de decisiones, en el ámbito de la investigación científica y en el ámbito de la criminología aplicada: en la asistencia a víctimas de delitos, en programas de tratamiento de delincuentes, en funciones de asesoramiento a entidades públicas y privadas en materia criminológica y otras.

SKILLS

Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

General Skills

To acquire an ability for analysis, synthesis, assessment and critical reasoning.

To develop the areas needed to promote teamwork, adapting to new situations, being tolerant, and developing ethical behaviour and social commitment.

Specific skills

To be familiar with the ethical principles and deontological codes governing the practice of the profession.

To apply ethical principles and values in professional practice.
