## SUBJECT DESCRIPTION

Es una asignatura optativa que responde al cumplimiento de los compromisos adquiridos por la universidad en la Declaración de Bolonia mediante el reconocimiento de todas aquellas actividades no regladas de la vida universitaria desarrolladas por las distintas instancias formativas de la universidad, que permite al alumno elegir, en función de sus intereses, la realización de actividades diversas de carácter formativo en orden a su formación integral. Con ellas se pretende valorar la capacidad formativa de la "actividad de vida universitaria no formal" en sus diversas manifestaciones, aprovechando la oportunidad que ofrece el Espacio Europeo de Educación Superior.

## SKILLS

## Basic Skills

Students must have demonstrated knowledge and understanding in an area of study that is founded on general secondary education. Moreover, the area of study is typically at a level that includes certain aspects implying knowledge at the forefront of its field of study, albeit supported by advanced textbooks

Students must be able to apply their knowledge to their work or vocation in a professional manner and possess skills that can typically be demonstrated by coming up with and sustaining arguments and solving problems within their field of study

Students must have the ability to gather and interpret relevant data (usually within their field of study) in order to make judgments that include reflections on pertinent social, scientific or ethical issues

Students must be able to convey information, ideas, problems and solutions to both an expert and non-expert audience

Students must have developed the learning skills needed to undertake further study with a high degree of independence

## General Skills

To be familiar with the characteristics defining an efficient psychology professional: up-to-date professional knowledge (knowing how to select and manage information in both Spanish and other languages, especially English), critical thinking, ethics, personal integrity and social commitment to universal and democratic values.

## Cross Skills

Ethical commitment and social improvement.

An ability to think creatively and come up with new ideas and concepts.

To forge attitudes of respect, tolerance and dialogue with regard to other cultures and religions in the search for the truth.

An ability to organise and plan well.

## Specific skills

To complement the theoretical and practical knowledge gained in undergraduate studies by attending conferences and taking part in other educational activities related to psychology.

Complementar los conocimientos teórico-prácticos recibidos en los estudios de grado con la participación en actividades transversales de la vida universitaria que contribuyan a su formación integral como persona

acercándose a la cultura, a las labores solidarias y de cooperación, de representación estudiantil y de la búsqueda del sentido de la vida planteándose las grandes preguntas.

Ampliar los conocimientos profesionales que complementen la formación académica recibida en los estudios de grado con la participación en otras actividades propias del ámbito de la psicología.
